South Carolina State Board of Engineering Examiners

ROSTER OF

REGISTERED PROFESSIONAL ENGINEERS AND LAND SURVEYORS

SEPTEMBER, 1964

POLICY REGARDING THE PRACTICE OF ARCHITECTURE AND ENGINEERING IN SOUTH CAROLINA

In order to clarify the necessary overlap of the practice of Architecture and the practice of Engineering, the S. C. State Board of Architectural Examiners and the S. C. State Board of Engineering Examiners held a joint conference in Columbia, South Carolina, on July 25, 1962 at which they agreed upon and adopted the following rules of procedure in connection with the interpretation and enforcement of the Code of Laws of South Carolina, 1952, Chapter 2, Sections 56-51 to 56-63, governing the practice of Architecture, and Chapter 12, Sections 56-701 to 56-740, as amended in 1962, governing the practice of Engineering in this State of South Carolina:

No Registered Engineer shall undertake a project which is primarily architectural and no Registered Architect shall undertake a project which is primarily engineering; however, no provision of the State Laws referred to above shall be so construed as to prevent any Registered Architect from doing such engineering work, for which he is qualified, as may be incidental and necessary to the completion of any architectural work lawfully undertaken by such Architect; nor so construed as to prevent any Registered Engineer from doing such architectural work, for which he is qualified, as may be incidental and necessary to the completion of any engineering work lawfully undertaken by such Engineer, as defined in the Code of Laws of South Carolina listed above.

The two Boards must be guided and controlled by the definitions contained in their respective registration laws but may use discretion in interpreting them.

If engineering or architectural work is performed by persons who are not full time employees of the Registered Engineer or Registered Architect employed by the client for a project, those persons shall be registered in the profession concerned, and the registered person's name shall appear on all documents, plans, etc. prepared by them, when issued, for that particular project.

The Boards recommend that the state chapters of the engineering societies and the AIA endorse these rules of procedure and urge their members to abide by them and to assist the Boards in their enforcement.

**MEMBERS OF
SOUTH CAROLINA STATE BOARD OF
ENGINEERING EXAMINERS**

T. KEITH LEGARÉ.....*Chairman*

(Term expires July 1, 1965)

FRED G. FRANKLIN.....*Vice-Chairman*

(Term expires July 1, 1967)

B. L. BAKER.....*Secretary*

(Term expires July 1, 1968)

L. S. LETELLIER.....*Member*

(Term expires July 1, 1969)

JAMES H. SAMS.....*Member*

(Term expires July 1, 1966)

GENERAL INFORMATION

Regular meetings of the Board are held each year and the dates will be furnished upon request. All applications for registration must be made on forms furnished by the Board, accompanied by the required fee, and filed with the Board at least forty-five (45) days before meetings. The fee required by law will not be returned if candidate is not approved, nor will fee be returned if candidate fails to appear after being duly notified to report for examination; however, the Board will admit a candidate to a subsequent examination without additional examination fee.

The requirements for registration as Professional Engineer or Land Surveyor and other pertinent information are given in the Code of Laws of South Carolina, 1962, Title 56, Chapter 12, copy of which may be obtained from the Board.

Information regarding certification as Engineer-in-Training will also be furnished upon request.

Each person, on receiving a copy of this Roster, is requested to report to the Board the name and address of any person known to be practicing professional engineering or land surveying in this State, whose name does not appear on this Roster as having renewed his registration or as having obtained registration for the fiscal year ending June 30, 1965. The names of persons giving such information will not be divulged.

It is important that the Board be notified regarding any change in position or mail address of registrant.

Address all correspondence to:
